Mental Health Tips for People Living with Diabetes

- Physical activity is a good way to maintain optimal mental health.
- Learning and practicing yoga, meditation, and deep breathing can help you stay calm and focused.
- Sleeping 7 to 8 hours a day and allocating time for leisure will help you feel good about yourself.
- Spending time with friends and participating in community activities will give you a sense of belonging.
- If your emotions overwhelm you, it is time to consider getting outside help. Talk to an Elder, counsellor, spiritual leader, traditional healer or your doctor.
